

TERM 1

Community

Engaging with global, local and online communities by recognising and celebrating our diverse history, customs and traditions, cultural inheritances and differences, exploring the impact of contemporary issues such as sustainability, climate change, poverty, financial and digital literacy within our communities.

TERM 2

Health & Wellbeing

Exploring goals, resolutions and target setting, the history of the NHS, keeping safe and healthy through diet and exercise, mindfulness, sport and leisure, healthy relationships and community cohesion, including sexuality, gender and cultural identity.

TERM 3

Moving On

Applying skills for employment, bridging the knowledge and skills gap for the next level of further learning and work, engaging with careers guidance and planning; job search and prospecting techniques, application support, volunteering opportunities and demonstrating behaviours and attitudes for the workplace.

Aspirations

To provide inspirational teaching, learning and support to our learners.

To promote participation in learning by building an economically and socially secure community of learners.

To be a service of first choice for talented and innovative staff, inspired to develop independent and successful learners.
